LEADWINNER CORP SOFTWARE DEVELOPER

Jun 2022 – Present | Hyderabad, TG

- Designed and deployed responsive user interfaces using Angular, enhancing user engagement by 35% and improving cross-platform compatibility by 40%.
- Collaborated with cross-functional teams, including UX designers and backend developers, to deliver seamless and efficient user experiences, reducing UI-related bugs by 35%.
- Integrated role-based authentication and authorization mechanisms on the front end, ensuring secure access control and seamless user experience.

TECH MAHINDRA LTD CUSTOMER SUPPORT EXECUTIVE |

CLIENT: UIDAI) (2021 – 2022)

- Conducted a thorough examination of original and application documents, ensuring 99.8% accuracy in data verification.
- Approved matching documents and rejected those with mismatches, ensuring 100% adherence to UIDAI regulations and minimizing fraudulent applications..

PROJECTS

SQUARE UP Financial Solutions

- Square Up is a comprehensive solution developed to optimize fund tracking processes for government departments and their respective authorities.
- Build a dynamic dashboard for real-time transaction monitoring and data visualization.

SCPAR State Fund Management Solutions

- FundTrack serves as a robust platform for implementing state-level schemes, effectively bridging operations between the state, district, DRDA, and Block levels.
- State officials use FundTrack to allocate funds, while district officials distribute them to Blocks, and DRDA utilizes the platform to process payments to vendors.

E-CASE Government of Assam

- Developed a system to streamline the registration and processing of Criminal Procedure Code (CrPC) cases within districts.
- Enabled citizens to register cases electronically and facilitated digital proceedings for District Magistrates.
- Implemented features like notice sheet distribution and case management for efficient legal operations.
